Describe the MESSIEST your room has EVER been:

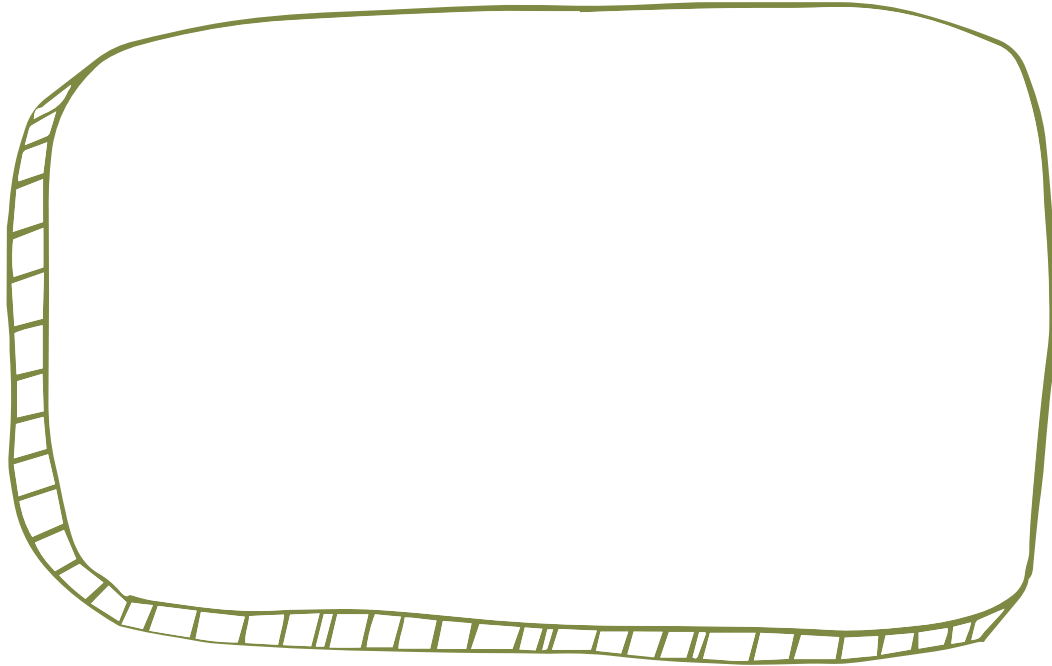

What does it mean to "lament"?

Sin and evil are like a very messy room... It's chaos! It's out of control!
But God is like someone who cleans up the room - God brings order to chaos
and makes wrong things right! **What are some ways you can imagine that God
makes the wrong things right?**

Even when we have hope that God will make all the wrong things right, we can
still lament the wrong things. **What are some evils and sins that you feel like
lamenting this morning?**

Draw a picture of Jesus when he first came to be with us, as a baby.

At Christmas, we celebrate Jesus coming to be with us in our messy world, full of sin and evil. But at Easter we celebrate that Jesus came to be with us to redeem us - to make everything new! **In each square, draw a symbol that helps you remember why we celebrate EASTER!**
